

# SMALL GROUP LEADER GUIDE

GOAT | WEEK TWO

**BOTTOM LINE |** We live like Jesus did when we are intentional about the people

## GOAL OF SMALL GROUP |

For students to **pursue** others to **invite** into community so that they can **model** Jesus and then **launch** them to do the same thing: pursue, invite, model, launch.

## SCRIPTURE |

1 John 2:6

## QUESTIONS |

Jesus always surrounded Himself with people. Who are some of the people that you are surrounding yourself with? (This is a great opportunity to break the ice asking questions like, “Who is your funniest friend?” , “Who is most likely to get you in trouble?” , etc)

If you become more like the people that you are surrounding yourself with, will you be better or worse off?

How can you be intentional to **model** Jesus to those that are in your community?

How can you surround yourself with people that will push you to be more like Jesus?

**NEXT STEPS |** The best way to help your students create good community is to create environments that encourage community. **PLAN AN EVENT!** It doesn't have to be complicated: coffee, movie night, dinner after church, etc.
