SUMMARY OF MESSAGE

Last week we started a new series called "Nothing Ordinary." We challenged students to choose the "Narrow Road" which means they will make good decisions before entering into bad situations. But the reality is that most students will struggle to get on board with this radical of a concept, mainly because they lack confidence in themselves, their friends or even God. So tonight we are going to direct them to a verse that will hopefully give them confidence that God has given them a spirit of power and He is on their side. We want students to not view God as a super hero figure but instead pray and partner with Him to overcome struggles in their life. We also want them to have confidence in Him to walk the narrow road and live a life that is nothing ordinary.

SMALL GROUP QUESTIONS

1. What makes a person confident?
2. Do you have confidence that God is on your side? Why or why not?
3. What would it take to build your confidence in yourself or in God?
4. What is something in your life that needs more power, love or self-discipline?
