SUMMARY OF MESSAGE

Tonight we are starting a new series called “From Here to There.” Throughout this series we are going to look at God’s will for our lives. There is a lot of fear around the idea of God actually having a plan for our lives. Students often ask the question “what if I miss it?” So we are going to take three weeks and talk about how to determine His will for your life. Tonight we are going to talk about how his word is a “lamp unto our feet and a light unto our path.” We are going to challenge students to discern God’s will by using His word, His people and His spirit. The goal of tonight is to equip students with the knowledge of where to start looking to find God’s will for their life.
