SUMMARY OF MESSAGE

Tonight we start a brand new series as we kickoff for summer. We are looking ahead at a summer full of possibilities and starting a conversation with students around the idea of how they should use their freedom. Now that they are free from classes, schedules and practice will they live for their rights or their responsibilities? We hope that students are encouraged to invest their freedom into their future and develop a plan that will allow them to do just that.

SMALL GROUP QUESTIONS

1. What are your plans for summer?
2. What are your priorities when you are planning out your summer?
3. What are some things you want to prioritize this summer?
4. How can we as a small group help you invest your freedom into your future, this summer?
