TALK TITLE: Weekly Connection

INSIDEOUT STUDENTS

WEEK OF SERIES: Week 2 of 3

SCRIPTURE: Acts 2:42-46

BOTTOM LINE: Weekly connection leads to our best direction

SUMMARY OF MESSAGE

Tonight we are continuing in our series "Crew." Last week we talked about being unified as a group by setting goals that we attain together. Tonight we are going to talk about what it would look like to stay connected outside of Sunday nights. The tendency for most groups is that they meet on Sunday and try to pick up where they left off the next week. The problem is that one hour a week is not enough to keep each other accountable or to have success in your own personal life. Our challenge for students tonight is for them to reach out to each other during the week and continue what happens on Sunday. Our goal for the group is that they would find a way that that works for them and see connection grow among the group.

QUESTIONS FOR SMALL GROUP

1. Do you feel connected as a group during the week? Why or why not?
2. Why do you think it is important to stay connected beyond Sunday nights?
3. What are some ways we can stay connected?
4. Create a plan with your group on how you are going to stay connected.
