SUMMARY OF MESSAGE

Tonight we are continuing our series “IDK” with another big “faith killing” topic. Tonight we are talking about different belief systems. Students are around people everyday that believe different religious narratives than they do. The challenge is when the conversation arises about which one is correct. Our goal tonight is to show students why we believe in Jesus. The best posture in any conversation around faith is to be positive. While it is tempting to tell others all the reasons their faith system is wrong we want them to know why we believe ours is true. Hopefully as students leave tonight they will be able to articulate why they believe their faith system is right and true.

QUESTIONS FOR SMALL GROUP

1. What are some of the belief systems you have encountered so far in high school?
2. How do you know what you believe is right?
3. How will tonight’s message help you have faith conversations?
4. What are some ways we can strengthen our belief together?
